Shanthi has more than 15 years of practice in both Malaysia and Singapore.

Shanthi has appeared at all levels of the Malaysian court system, and in domestic arbitrations and mediations. She also provides on-project claims and contract advisory services for clients. She is well-versed with all local standard forms of contract as well as international standard forms such as FIDIC.

Her experience in adjudication, arbitration and litigation in construction and engineering projects includes:

- design and construction of warehousing complex
- disputes relating to a semi-conductor wafer fabrication plant
- design and construction of sewerage treatment plant

- specialised M&E services for medical centre
- design and construction of coal-fired power plant
- design and construction of reservoir, pumping plant and pipelines
- disputes relating to a water treatment plant
- design and construction of highway projects
- damage and rehabilitation of heritage buildings
- design and construction of double track railway projects
- design and construction of warehousing complex

Shanthi is also an expert in industrial relations, and insurance and commercial disputes for her construction industry clients.
